

Excellence Industrial Maintenance Company W.L.L.
Manama
Kingdom of Bahrain

19th March 2024

SUBJECT: ACCEPTANCE OF PREQUALIFICATION APPLICATION

Dear Sir/Madam,

At the very outset we would like to express our appreciation for the effort and time you have invested in preparing your pre-qualification application, and would like to inform you that your application has been accepted for providing works/services in the following categories, during the period 2024-2026:

- Mechanical. (Welding/Piping, Pipe-line maintenance, Equipment repair, Fabrication)
- Services. (Manpower, Painting and coating system)

You are now eligible to submit proposals in response to our invitation to tender for works/services related to above categories. Unfortunately, we will not be able to invite you to submit proposals for works/services that will be required to be carried out in Company's Process area since your pre-qualification submittals/information related to Section 2 – Safety, Health & Environment (SHE) of the Pre-qualification application form were not found satisfactory upon evaluation. However, this does not prevent you to submit further relevant information/documents to support your credentials and commitment to SHE. If your further submittals, if any, are found satisfactory upon evaluation, you will be allowed to work in Company's Process area, and you will be intimated of that in due course.

Should you have any questions or require clarification, please do not hesitate to contact us.

We appreciate your interest in working with us and wish you all the best in your future endeavors.

Yours sincerely,

Fuad Mubarak
Manager – Contracts & Supply Chain Management
