**Turnaround 2010 : Direct Hire Manpower
& Equipment.
Purchase Order No. 4500002804**

الموضوع

We would like to thank you for the excellent cooperation so far. We do hope that this will continue to achieve the Turnaround 2010 together successfully. GPIC always believe in **ONE TEAM** spirit of working.

We request you to expedite the submission of documents required for **ID card (Access Gate passes)** preparation for manpower and equipment. If CPR is expired, please submit along with the copy of expired CPR, the copy of **Valid Resident Permit** (endorsed in passport) and the **copy of GOSI**. All the submission may please be completed preferably before the end of this week (06-02-2010).

We have forwarded all the request received until today for ID badges to our Security Department hence you are requested to contact our Security Department and **complete the Safety Orientation**. Please appreciate that we do also need time to prepare your badges. These badges are made only after Safety Orientation. GPIC security will take the photographs for the ID badges preparation.

At this stage of turnaround preparation, please ensure that maintenance is duly carried out on all the equipment foreseen for deployment at our Turnaround to **achieve zero down time**. We are sure you will comply with our request and confirm us your position by replying in return.

Best regards,

Bader Moh'd Al-Mansoori

POSITION:	MAINTENANCE MANAGER	المنصب :
SUBJECT:	TURNAROUND 2005: SUCCESSFUL COMPLETION	الموضوع :

I am happy to declare that the Turnaround 2005 is successfully completed and the production has commenced.

This was an accident free and smooth Turnaround, completed ahead of schedule.

All this was possible due to the team work, dedicated & diligent efforts put in by your personnel to achieve the targets and full cooperation extended towards attendance, punctuality, disciplined safety orientation, security clearance, vehicle control and logistics.

However your personnel's embedding with GPIC culture of "working with one team spirit" is immensely appreciated.

Thanks once again.

Best regards,

FADHEL AL ANSARI
MAINTENANCE MANAGER
